

Hi Kate,

Reference, as requested:

“From the moment we were introduced to Kate we knew that we had found the French Bulldog breeder of choice in South Africa. Her dogs are happy, healthy and spirited. The dogs live as part of the family and the pups are supervised and cared for around the clock, never being left alone. Kate is a concerned, involved breeder and during the wait for our pups (Amour & La Vie) she kept us up to date on a daily basis with photographs and videos of the babies. Kate places huge focus on the integrity of the breed and is knowledgeable on all aspects of FB care, particularly nutrition. The aforementioned factors were so important to us as unfortunately we speak from experience of other breeders who lack these qualities. We lost our 2 ½ year old FB male following a relatively simple surgical procedure. His breeding defects were the predominant cause of his passing. We would recommend Kate and her beautiful Frenchie’s to any prospective parent.”

We have nothing but praise for Kate and what she does.

Her love, care and dedication to her dogs is endless.

In our own experience the Frenchies we have from Kate are full of personality, loving and healthy. Kate takes great care in ensuring that all her Frenchies go to the right home and the right owners and because of this we are lucky enough to have gotten two Frenchies wonderful Frenchies in the last year from Kate.

Kate goes the extra mile with her dogs and their new families to ensure all is perfect, to us this is why she is the best at what she does!

With love and gratitude
Jessica, Tanya and Ashley Ellington

I would like to thank you so much for letting me have the opportunity of owning one of your lovely Frenchies.

As you know I was looking for 2 years for a Frenchie.

When I came to see you and also to see how the pups were raised and what the conditions that they were being kept in.

I was very pleasantly surprised as that was the kind of environment that I wanted my pup to be brought up in. Being inside the house not like other Breeders that have their dogs/pups outside.

They had the best of everything special room in the house, clean bedding, lamps to keep them warm, fed the best food. Mom was in excellent condition and content. They even had a person sitting with them 24/7 to make sure all was well.

Also when my little girl arrived she was confident, used to being inside the house and not at all nervous a very well balanced pup which all stems down to how she was raised.

Kate keep up the great work and I can't wait to get my next pup from you.

Regards.

To whom it may concern,

RE: FRENCH BULLDOG BREEDER

I found Kate Shuttleworth on the internet in March 2018 when I was looking for a reputable breeder to buy a puppy from.

From the outset it was evident that Kate takes the exercise extremely serious. She sent me a questionnaire and informed me that I would be approved or not based on the answers. It was clear that she cares for the unborn puppies.

I was approved as potential owner and Kate kept me informed of the gestation process throughout. She also continuously informed me of progress during birth and in the days following their birth sent pictures and videos of how they cared for the puppies and their mothers. There is no doubt in my mind that she sees this as a calling and grows to love each of these puppies as her own. The hygiene, feeding and personal care to each of these puppies were astonishing.

I will recommend Kate to anyone who is serious to have a French bulldog puppy. She makes sure potential owners understand the health risks, care and nutrition responsibilities and I have no doubt that she will continue her ethical practices in this regard.

To whom it may concern:

We looked for a Frenchie for more than a year and were told If we want a proper frenchie breeder, we should talk to Kate.

Her puppies are looked after and cared for around the clock. She takes the utmost care with the placing of her puppies

Prospective puppy parents are properly vetted to make sure that the puppies go to the right parents.

It is an honour and a privilege to own a Frenchie from Kate and I would not hesitate in recommending any prospective Frenchie parent to Kate and her beautiful Frenchie's.

Best

LETTER OF REFERENCE FOR KATE SHUTTLEWORTH

TO WHOM IT MAY CONCERN:

PLEASE BE ADVISED THAT I HAVE ACQUIRED TWO FEMALE FRENCH BULL DOG PUPPIES FROM KATE SHUTTLEWORTH – ONE IN 2017 AND ONE IN 2018.

BOTH PUPPIES HAD BEEN VERY WELL CARED FOR FROM BIRTH AND WERE DELIVERED TO ME IN A BEAUTIFUL AND VERY HEALTHY CONDITION. THEY CONTINUE TO THRIVE.

KATE IS A PLEASURE TO DEAL WITH, AND VERY CAREFUL IN THE PLACEMENT OF HER PUPPIES AS SHE GENUINELY CARES DEEPLY ABOUT HER DOGS.

I WOULD HAVE ABSOLUTELY NO SECOND THOUGHTS ABOUT GETTING ANOTHER PUPPY FROM HER IN THE FUTURE AS I HAVE GROWN TO TRUST HER KNOWLEDGE AND HER HARD WORK WITH HER CANINE FAMILY.

SINCERELY,

TO WHOM IT MAY CONCERN

To any prospective French bulldog owners, you can't do any better than Kate for a breeder and her puppies for a new family member.

After the birth of Harley-Quinn, Kate gave us daily updates of her progress and many pictures of our pup which made us feel like we were right there watching her.

We visited Kate to meet our little girl and I was amazed at how well all the pups and their mom were taken care of. The mom had her own carer which kept an eye on both her and the pups day in and day out.

I understand now why all the pups seemed so happy and confident. They received only the best care and food.

When we finally got to take Harley-Quinn home, Kate helped us repeatedly with all our questions and checked in regularly at how we've adjusted to life with our new little girl.

And Harley-Quinn? Well, needless to say she is the most beautiful, well behaved, loving Frenchie you will ever meet. Would we want another Frenchie? Absolutely! We were introduced to this breed by Kate and we have not looked back since.

Our whole experience from beginning to end has been phenomenal.

Kind regards

Hi Kate

I would like to thank you for the opportunity to become a French Bulldog owner. I have never been a puppy owner. So this whole journey was new to me, I was very nervous ! From the time we met when you tried to re-home Jean Luk I fell in love with the Breed, when Lukie passed on our hearts were broken
As he left a huge gap in our lives, with his comic ways and great personality
When you informed us that your Babies will be expecting, I was so very excited
As this gave us an opportunity to have a new baby in our family
Since I heard so many horror stories of breeders, I feel it my duty to write you this letter and share my experiences

From the time were able to confirm there was life and vet was able to identify the number of heart beats
You kept us well informed of O La La condition, the times she went to vet and the weekly prognosis. I felt like a surrogate mother
When the day arrived, you shared the preparations with us
And the day our boy was born you share the theatre pics, how they were being cleaned up
I arrived at your home expected and unexpectedly, to see my baby
And at all times your girls were kept in good sanitised conditions
The babies were always clean, you places never smells of pee or poop

I seen how their food been prepared, how you gradually introduced solids to puppies, slowly and some were hand feed
They are picked up and called by their names – awesome

Closer to the 8 weeks, you suggested we bring a blanket for the family to share and when the day arrived to us to come and fetch our little man
He was not stressed at all, as he was close to family smell
He never once cried or showed signs of separation anxiety
He was house trained on newspapers, so when there was a need he headed for the papers
We now have him for a month and he eats well, is well socialised and has bonded well with my 3 other Boston Terriers

I have taken him to our vet and he has been micro chipped and had an inoculations and he been given a good bill of health
Strong legs , good skin well-proportioned head vs body

So in a nut shell Kate job well done, I happy to recommend you as a breeder
